What?: Economical Ecology

<p>πάντα ῥεῖ (<i>panta rhei</i>) "everything flows" - Heraclitus of Ephesus (Ἡράκλειτος ὁ Ἐφέσιος)</p>																												
WHAT	<p>Life was able to sustain since over 3 Md years because cycles have been created to use efficiently energy and materials around and reuse wastes. This is the purpose of an economical Ecology.</p>																											
WHY	<p>To create Values for a Win Win situation along the Value Chain</p> <div style="display: flex; justify-content: space-around; align-items: center;">   </div>
